

Eva Lai

GENERAL ASSEMBLY

Web Development Immersive Student

📍 Washington, D.C.

January 2017 - April 2017

- ❖ Completed a three-month, full-time immersive program, logging over 1000 hours to become a Web Developer with skills in Object-Oriented Programming, MVC frameworks, Data Modeling, and Test-Driven Development.
- ❖ Created a Chinese Learning application, Phraseology, using Ruby on Rails, to foster language growth and relationships among other Chinese learners in the community.
- ❖ Collaborated with three web development students to create FarMart, built on AngularJS/Rails, that helped organized customers reserve orders for vendors with a time for pickup.
- ❖ Created Mum's The Word, built on MERN stack, to provide a space where people can post secret locations so others can share in their experiences.

CAROLINA BRACES

Orthodontic Assistant

📍 Raleigh, NC

October 2015 - November 2016

- ❖ Managed customer experience with a team of 14 employees to create a positive environment for 70-120 patients a day.
- ❖ Upsold products such as Retainer Brite and whitening kits, resulting in an increase of \$20-160 revenue for the practice with each product sold.
- ❖ Solicited customer feedback and resolved conflicts in a timely and positive manner with the team.
- ❖ Mentored new trainees on the protocols and functions of situations and tools.
- ❖ July 2016 "Employee of the Month."

UNC - SCHOOL OF DENTISTRY

Dental Clerk

📍 Chapel Hill, NC

August 2014 - May 2015

- ❖ Managed records in the Dental Electronic Patient Record system that included insurance and relevant baseline and progress sleep studies.

MICHAEL HOOKER RESEARCH CENTER

Lab Assistant IV

📍 Chapel Hill, NC

August 2012 - Dec 2013

- ❖ Performed tasks such as copying, organizing, keeping inventory, and handling shipment orders and invoices.
- ❖ Developed new spreadsheets to organize lab equipment and materials.
- ❖ Stocked laboratories with equipment and supplies necessary for experiments.
